

00:54:44 Julie Fosdick: Really nice work, Ian!

00:55:55 Jeremy Powell: Just curious as to whether there are many ZFT studies in the region? If so – how do those ages fit into this story?

00:56:11 Noriko Hasebe: Monazite chemistry is interesting! How ages are given? measured? or estimated from the correlated to the tectonic history?

01:01:50 Noriko Hasebe: I see, Thanks.
