

01:16:14 Antonin Bilau: You shown multiple layers of hematite intercalated by phyllosilicates, have you a independant constrain on temperature to discuss about thermal reseting by yougners fluids or by frictions on plane ?

01:18:47 Kerry Gallagher: where are with regarding diffusion kinetics and modelling diffusion ?

01:19:22 Murat Tamer: It was a great talk from Alex!!

01:19:30 Antonin Bilau: Yep nice one

01:20:49 Kelly Bradbury: Awesome presentation Alex!!!!

01:22:44 Antonin Bilau: what was the size of your cristallites ?

01:24:48 Antonin Bilau: \*and is it homogeneous or really variable between each zones you sampled ?

01:25:11 Marissa Tremblay: More diffusion kinetics thumbs up

01:26:13 Chris Mark: Thanks all for some great talks today

01:26:39 Antonin Bilau: Thanks !

01:27:17 Jacky Baughman (she/her): Great session - thanks!

01:27:37 Mark Coleman: Thanks everyone!

01:27:39 Marissa Tremblay: Thank you, Rich!!!

01:27:45 Suzanne L Baldwin: Thank you!

01:27:49 Kerry Gallagher: Thanks Peter and Rich...

01:27:49 Alexis Ault: thank you!!!!

01:27:55 Kerry Gallagher: &nd all the speakerq

01:27:58 Chiara Amadori: ciao! thank you all
